Organization: Self

Government Agency Type: Local

General Comment

Please consider what will happen to this area, if this "wind farm" is finally constucted. I ask just one question- Have you ever been on the Sound? Take a boat ride and go see it for yourself.

Take another look at what is proposed to be built.

Not to mention what are the consequenses of a natural disaster. Who is paying for the upkeep, repairs and in case of a disaster-what then. Lots of metal left decaying in the ocean.

Thank you for your time.

Sincerely,Rita Christina Caterino
