

MECHANICAL BEHAVIOR OF CONSTRUCTION MATERIALS: RATE AND TEMPERATURE  
PHENOMENA

Faculty:

S. Shyam-Sunder, Associate Professor of Civil Engineering  
Doherty Professor in Ocean Utilization

Research Staff:

J.T. Germaine, Lecturer, Department of Civil Engineering  
Director, REMERGENCE Laboratory

Graduate Students:

C.W. Chen, Research Assistant, Department of Civil Engineering  
C.L. Rao, Research Assistant, Department of Civil Engineering  
S. Nanthikesan, Research Assistant, Department of Civil Engineering  
N. Sonwalkar, Research Assistant, Department of Civil Engineering  
M.S. Wu, Research Assistant, Department of Civil Engineering

Undergraduate Students:

P.R. McNeice, Freshman, UROP

Support Staff:

B.E. Raphling, Senior Secretary

Degrees Granted:

M.S. Wu, September, 1986

Sponsorship:

The Standard Oil Company, OSP 94189, "Numerical Modeling of Ice-Structure Interaction"

Department of the Interior, Minerals Management Service, 14-12-0001-30219, OSP 95510, "Numerical Modeling of Ice-Structure Interaction"

National Science Foundation, MSM-8605905, OSP 97861, "Engineering Research Equipment Grant: Low Temperature Materials and Structural Models Testing"
